Key design features

OFFROAD CAPABLE

Goes where your ute goes. Light weight, sturdy and compact, the Gladiator Pod is ready for river crossings, mud, and anything you can throw at it.

BUILT TO LAST

Ergonomic monoblock fiberglass body. Rust-proof, leak-proof and non-flammable, with antibacterial protection.

QUICK-MOUNT SYSTEM

Extremely portable with an easy mounting on-and-off system.

WELL INSULATED

Quality insulation guarantees a comfortable night's sleep - whether in the warmer or cooler months.

COMPATIBLE WITH MOST UTES

Compatible with most double-cab utes. Check page 7 for more information about compatibility.

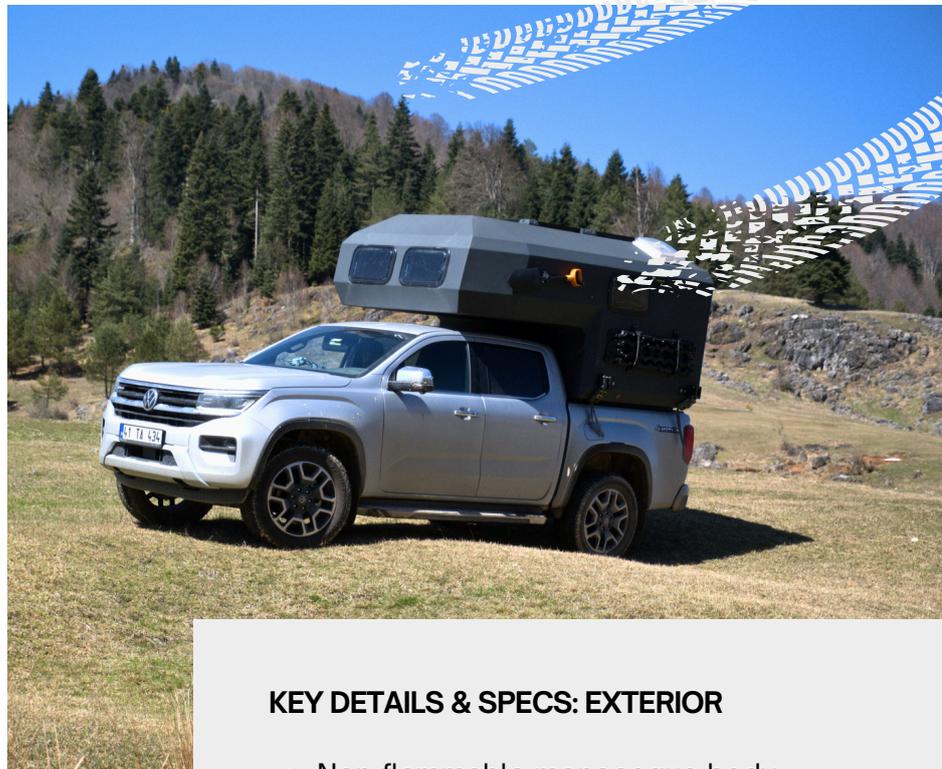

HIGH-IMPACT RESISTANT

High-strength fibre-reinforced composite exterior shell which proves high-impact, dent and crack resistant.

Quality exterior shell for all-round protection

Robust, lightweight and a complete monocoque unit, the Gladiator Pod's outer shell is a sturdy framework that will make you feel safe and secure in the toughest locations.

Lightweight, lasting durability to get you anywhere, safely.

The fiberglass monocoque shell provides high chemical and mechanical strength, as well as a flexible structure to eliminate any kind of infiltration for a seamless period of time.

KEY DETAILS & SPECS: EXTERIOR

- Non-flammable monocoque body
- Pod weight from 490kg
- Total width 1870 mm*
- Total length 2900 mm*

*DIMENSIONS ARE EXCLUDING EXTRAS

[SEE PAGE 12 FOR FULL SPECS >](#)

ANTIBACTERIAL SHELL

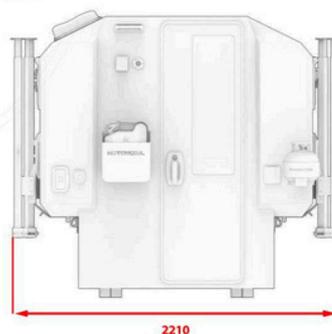

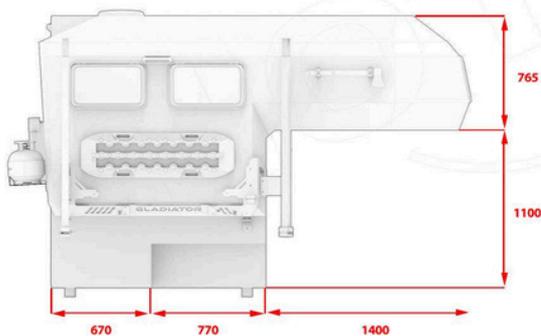

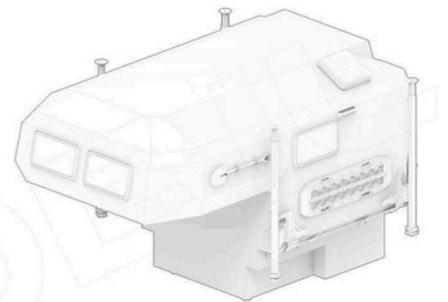

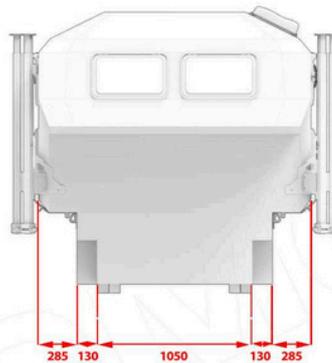

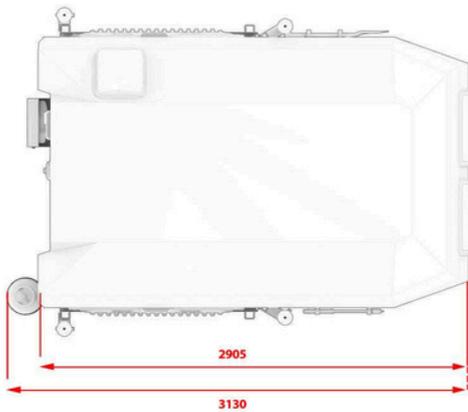

The antibacterial feature of the cabin stops any bacteria growth and formation.

SNUG FIT ON THE UTE DECK

Designed to fit inside your ute's well-side so that you don't have to have the tailgate down or removed.

**OPTIONAL ADD-ON:
ADVENTURE PACK**

Planning an adventure? The Adventure Pack includes a hatchet, spade and recovery boards (as depicted right).

QUICK-MOUNT SYSTEM

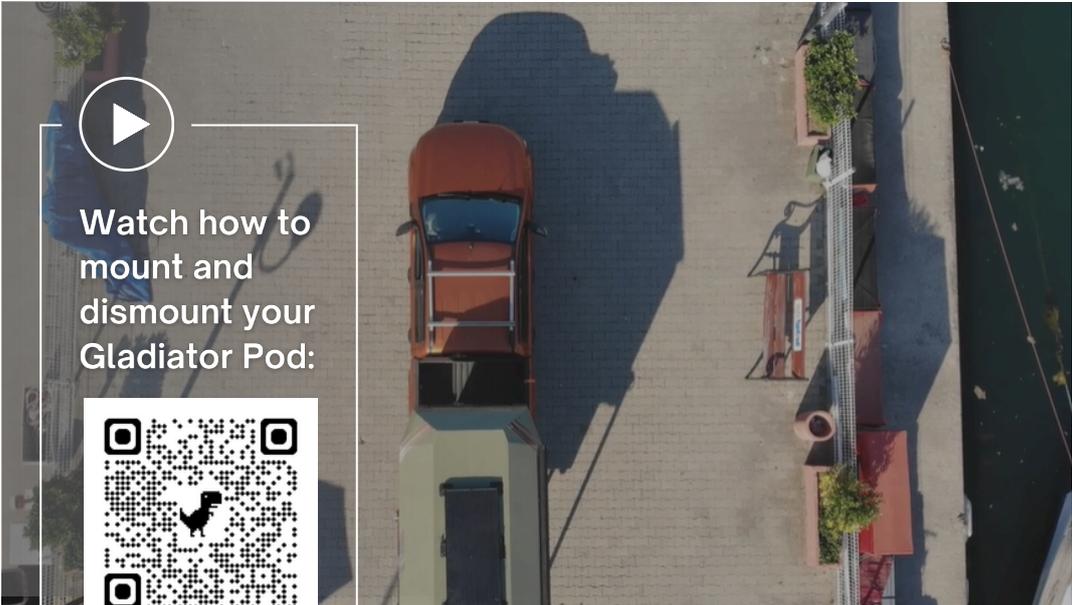

Extremely portable with an easy mounting on-and-off system.

See following page.

Make the most of your ute

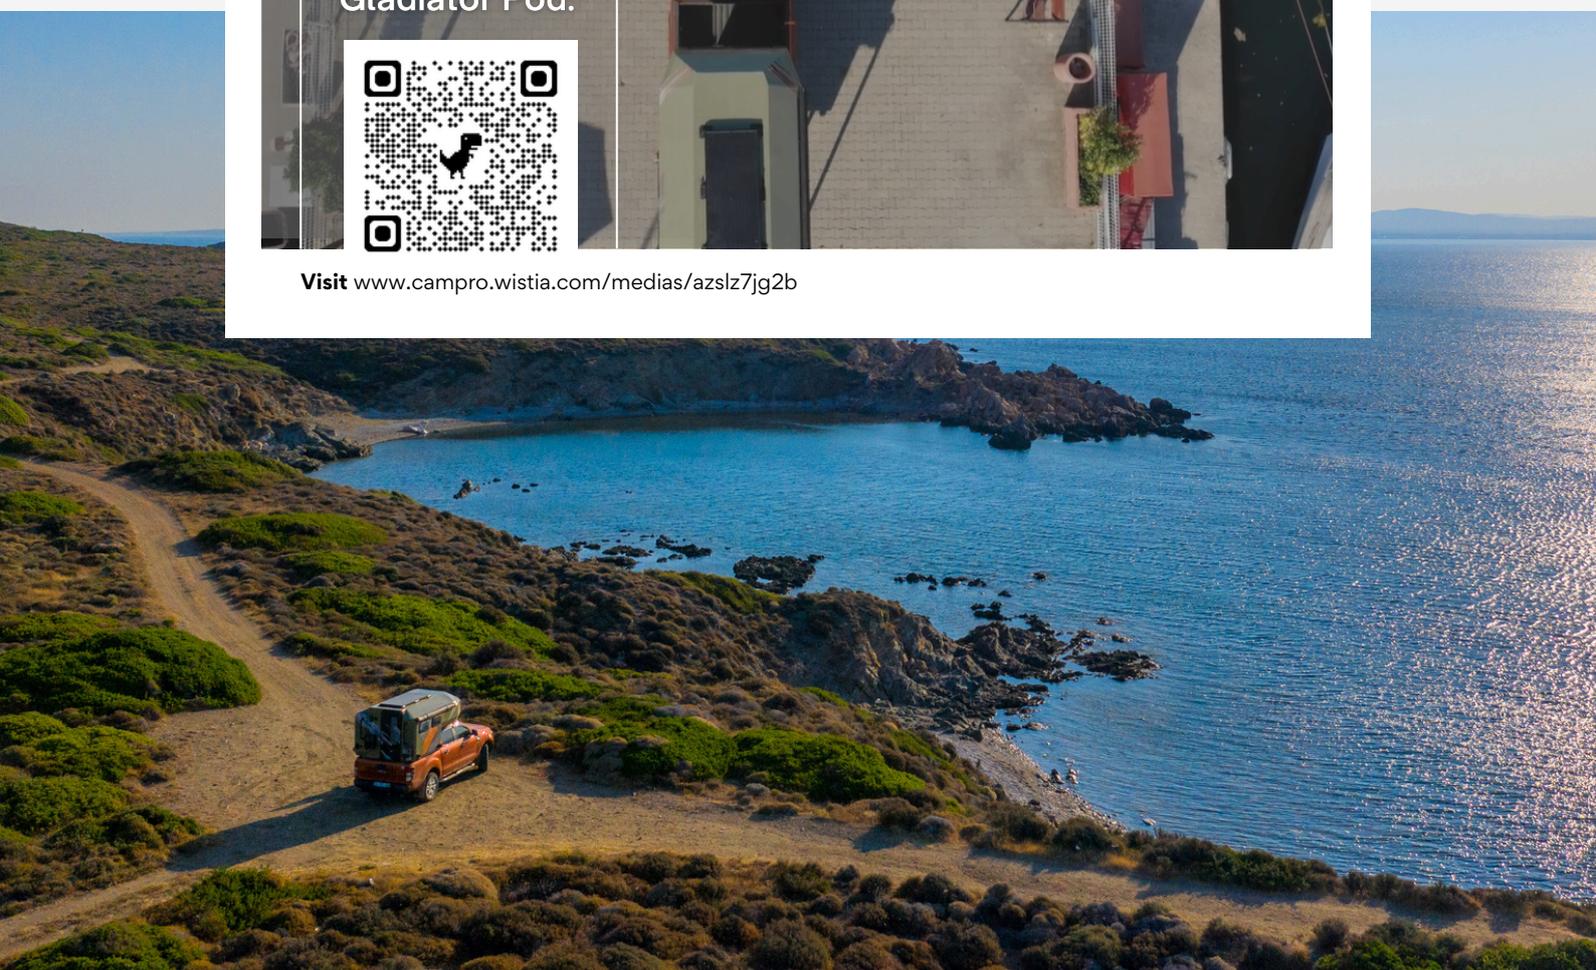

Got a ute? Get the other half! The Gladiator Pod is expertly designed to integrate with your ute without affecting your vehicle's off-road performance and mobility. Explore like never before.

All-year-round comfort with great insulation properties

Summer, autumn, winter and spring... whatever the weather, hit the road! Your Gladiator Pod is **well insulated with monoblock technology to keep the inside cabin temperature consistent in both warmer or colder months.**

The moderate and premium models feature 20mm high-density polyurethane insulation in the cabin walls, creating a thermos affect condition, which prevents heat transfer from the inside to the outside and reverse.

Choose from a variety of colour palettes

Carefully chosen exterior and interior colours give the Gladiator Pod a stylish edge. Exterior and interior colour combinations are imported pre-selected. Get in touch to discuss custom colour combinations.
