The Fiat Ducato

The Fiat Revolution offers both 6 and 6.36 metre overall bases providing the perfect 'not too long and not too narrow' balance for a compact yet remarkably spacious motorhome. With plenty of engine torque they are available in both manual and automatic producing a dream drive.

Generous internal width allows the ability to sleep east/ west which creates more space for kitchen and seating. Storage is cleverly accommodated from above the cabin to under the bed which is easily accessed from inside or by the 270 degree opening doors.
